## EXPERIENCE

### 2011 - 2019

I've been working as a freelancer since 2011, doing different kinds of projects in many fields such as web-design, photography, video editing, production and post-production. As a photographer I worked for national and international artists like Concha Buika, Miguel Poveda, Fuel Fandango and Nynke Laverman. I've also worked on projects of my own in Dancers in the Streets, and photo-journalism in projects such as Refugees. In video I have done several projects such as videoclips for different artists, kinetic typography, short films, promotional videos, etc.

From 2014 till 2017 I was working at SCOPIC, as a VR Chief Editor, stitcher, cameraman and producer. I have done works for clients like Tomorrowland, Volvo Ocean Race, Google, KRO, Hardwell, Biotherm, Ernst & Young, Mercedes, Paramount, ING, Robecco, Taaj Resort and Jimmy Nelson.

In 2016 I won several awards for the short documentary Refugees:
